

ABOUT US

Welcome to Roodebloem Studios, home to 12 diverse shooting spaces. Situated 5 minutes from Cape Town's inner city, we have strived to become the ultimate studio for the film and stills industry.

Started in 2001, Roodebloem has set the bar for both equipment rental service and studio hire for teams local and international. Recently we launched additional premises, Roodebloem Daylight, featuring drive-in, daylight and modern kitchen studio facilities.

Clients now have a wide selection of spaces to choose from, daylight, black-out or outdoors. Our studios carry a large 3-phase power supply and wi-fi internet access. Our extensive range of flash, digital and accessory rentals are thoroughly maintained and serviced. If we don't have what you require we will source it.

Secure equipment loading bays, off-street parking and two full-time car guards work in conjunction with a CCTV system to ensure your safety at all times.

Quality products, competitive pricing and customer service have had many of our clients draw comparisons between Roodebloem Studios and leading studios in NY and LA. 'The continued loyalty from customers is worth more than anything.' says owner Jan Verboom.

Also keep an eye on Roodebloem Web Sales for great deals on second hand camera equipment. It's the perfect place to advertise your equipment when upgrading.

To ensure you receive our quarterly newsletter, please send us your details.
